Course description	This course completes the elementary sequence in the techniques of contemporary dance.
Course learning outcomes	Our primary objectives for this course are to increase the individual dancer's awareness and knowledge of her/his body, and to build foundational skills in contemporary dance technique. The learning outcomes involve developing an advanced elementary skill level with regard to articulation, presentation, strength, flexibility, alignment, phrase comprehension, quality differentiation, spatial and kinesthetic awareness, focus, transition, initiation, and rhythmic clarity. For many dance students this means reevaluating her/his understanding of previous training and becoming more aware of the capabilities, habits, and the potential of his/her own body. By the completion of this course, successful students will be able to: 1. Maintain awareness of her/his own physicality and assess his/her own physical habits with an eye towards technical development at an advanced elementary level. 2. Evaluate and apply necessary corrections to her/his own technical efforts at an advanced elementary level. 3. Identify questions and problems regarding movement performance at an advanced elementary level as well as initiate a search for solutions to these queries in analytical, exploratory, and collaborative ways. 4. Demonstrate an advanced elementary level of understanding of contemporary dance technique, specifically addressing flexibility, strength, quality differentiation, focus, transition, initiation, rhythmic clarity, and phrase comprehension. 5. Demonstrate at an advanced elementary level a technical ability to move into and out of the floor with ease, to relate to gravity in multiple ways, to exchange weight between the floor and all body parts including the use of arms as weight-bearers, and to orient in space from any direction.

- 6. Articulate technical, artistry, and presentational skills of an advanced elementary contemporary dancer.
- 7. Interact with other dancers as partners and spotters at an advanced elementary level.
- 8. Observe and articulate responses to dance performances through inclass discussions, multidisciplinary responses, and written assignments at an advanced elementary level.

Course schedule

This course will include warm-ups, floor work, and centre and across-the-floor phrase material with a focus on developing our artistic abilities as dancers. Besides working on artistic presentation, technical skills, and body conditioning exercises, we will be engaging in basic improvisation and composition exercises to expand our understanding of dance. Students in this class are also expected to articulate their understanding of dance through in-class discussions, multidisciplinary responses, and written assignments.

Assessment components and expectations

- 1) A significant part of your grade (35%) will be based on participation. By participating, I mean not only showing up for class, but attending to the material at hand. Effort shows and I will be sure to take note of those fully engaged in the class. If for some reason you are feeling unwell during class time, a substitute form of participation may be arranged; however, do not expect to obtain this privilege more than once. With regard to participation, classes are considered equivalent to assignments; please see comments below on missed classes. One note, if you show up late for class three times, this will be counted as a full absence. Please refer to the Undergraduate Calendar E.3 Attendance for details.
- 2) Another large portion of your grade (35%) will be based on skill development. What this means is that I will be looking for change or progress over the course of the term to see that you are meeting the course objectives. I will be making assessments throughout the course to ascertain if you are responsive to feedback and are developing the new movement patterns and artistry befitting an elementary/intermediate level dancer. Students will be assessed on an ongoing basis in class and they will also be videotaped periodically for the purposes of assessing technical and skill development. We will also have individual teacher/student sessions at midterm to discuss your progress.
- 3) All students must attend two approved live performances and bring me the ticket stubs for these performances. The performances must be selected from the performances included either in the Fluid Festival (October 15-27) or other approved performances. For your first assignment, I expect a creative response to one performance as well as a written explanation of your response (10% of your grade). Details of this assignment will be discussed in class and assignments are due within **four** days of seeing the performance. For the second assignment, I expect a 2-page <u>formal analysis</u> of one performance (10% of your grade). These papers should focus on any relationships you notice between the choreography and any social, political, or cultural commentary or connections that you may find in the work; papers are due within **four** days of

seeing the performance. Please refer to the writing assignment guidelines I will hand out in class for these papers.

4) You will also be expected to complete a final movement assignment for this portion of the class. (10% of your grade).

Expectations for Writing

Writing skills are important to academic study across all disciplines. Consequently, instructors may use their assessment of writing quality as a factor in the evaluation of student work. Please refer to the Undergraduate Calendar E.2 Writing Across the Curriculum policy for details.

Guidelines for Formatting Assignments

Papers should be formatted with 1-inch margins, 12-point font, double-spaced, using Times New Roman font.

Guidelines for Submitting Assignments

Any assignments that are emailed instead of provided in hard copy on the due date will not be handed back with comments; you must see me to obtain your letter grade.

Late Assignments

Late assignments will have 10% points deducted per late day.

Expectations for Attendance and Participation

Please refer to the Undergraduate Calendar E.3 Attendance for details.

FOR GRADED DANCE STUDIO COURSES

- A significant part of your grade is based on participation. Participation means not only showing up for class, but also attending to the material at hand with effort and engagement.
- With regard to participation, classes are considered equivalent to assignments. Thus, more than <u>3</u> absences per term will have an adverse effect on your final grade.
- If you miss more than one week of classes, your final grade will begin to drop by as much as 10% per missed class.
- If you miss more than two weeks of classes, you have the potential to fail the course.
- If you show up late for or leave early from class, this will be counted as half an absence.
- If for some reason you are feeling unwell during class time, a substitute form of participation may be arranged; however, you may not obtain this privilege more than once and you will receive half an absence.
- For studio courses, if you opt out of full participation and choose to sit for a portion of the class, this will be counted as non-participation and will be marked as half an absence.
- Students are responsible for any and all material missed during an absence.

	If you sustain a significant injury during the term that will impact your
	participation for longer than a week's worth of classes and if this injury is
	verified by a medical practitioner's note, your case will be submitted to the Dance Division Committee to address your situation.

Academic integrity, plagiarism	The University of Calgary is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are referred to the section on plagiarism in the University Calendar

	(ucalgary.ca/pubs/calendar/current/k-3.html; ucalgary.ca/pubs/calendar/current/k-5.html) and are reminded that plagiarism—using any source whatsoever without clearly documenting it—is an extremely serious academic offence. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the university. You must document not only direct quotations but also paraphrases and ideas where they appear in your text. A reference list at the end is insufficient by itself. Readers must be able to tell exactly where your words and ideas end and other people's words and ideas begin. This includes assignments submitted in non-traditional formats such as Web pages or visual media, and material taken from such sources. Please consult your instructor or the Student Success Centre (TFDL 3rd Floor) if you have any questions regarding how to document sources.
