Course description	Elementary study of the principles of technique in contemporary dance.
	This is an elementary level technique class, aiming to stimulate physical awareness and harmony within the entire body while dancing. Each class will use vivid and creative imagery to generate a physical aptness that enhances the dancer's level of embodiment within their training and performance. The class will emphasize the importance of the individual dancer and highlight technical development, critical thinking, subjective understanding, and personal development. This course will respect each student's innate physical abilities and previous dance training, while continuing to encourage a solid development of movement fundamentals and technical progressions at the elementary level of training.  Functional posture, alignment, core strength, line, and weight placement, along with the values of simplicity, balance, and harmony, will be used to strengthen one's ability to perceive, feel, sense, and perform with an elevated level of integrated embodiment. Personal choices in areas such as employment of speed, dynamic quality, weight placement, musical responsiveness, and directionality will be appearanced during the application of set exercises (standing/weight bearing).
	be encouraged during the exploration of set exercises (standing/weight bearing, floorwork, locomoting, jumping), body conditioning, short compositional scores, and improvisation.  Students will be encouraged to apply weight, spiral, gravity, momentum, swing, and poice into their contemporary dense training and utilize their innets.
	and poise into their contemporary dance training and utilize their innate movement functions to instinctively employ their natural abilities and achieve sustained artistic expression through movement.  The class will offer insight into the dance creation process, via mid-term and final
	presentations.

	Thus, more than 3 absences per term will have an adverse effect on your final
	grade.
	If you miss more than one week of classes, your final grade will begin to drop by
	as much as 10% per missed class.
	If you miss more than two weeks of classes, you have the potential to fail the
	course.
	If you show up late for or leave early from class, this will be counted as half an
	absence.
	If for some reason you are feeling unwell during class time, a substitute form of
	participation may be arranged; however, you may not obtain this privilege more
	than once and you will receive half an absence.
	For studio courses, if you opt out of full participation and choose to sit for a
	portion of the class, this will be counted as non-participation and will be marked as
	half an absence.
